Each One! Bless One!

Dear Brother James,

My most precious partner and co-laborer in the Gospel. Warmth greeting to you in the most precious name of our Lord Savior Jesus Christ. I want to thank you from the depth of my heart for your prayer support and encouragement which have strengthened me continuously to labor for the gospel.

Nepal, yet, has failed to choose prime minister and form a new government, despite many attempts. But we feel peace and continue to do the work of God for which He has called us. I bring you May June and July Report with photos. I hope you would read it with much enthusiasm, and together, let us glorify God for what He has done in our midst.

First of all, I want to start sharing reports from sports ministry. In May, there was Inter Church Football Tournament and my church team lifted the trophy, becoming a first position. Most important thing in my life in sport is, when our

Buddhist and Hindu Coach liked our prayer and that touched my heart. They were not Christian but they asked us to pray for them. Coach and players even asked us for the Bible and wanted to know more about God. This is ministry. This is evangelism. We

can lead them to the Lord. A Sport is just an excuse to tell them about Jesus Christ.

Shyam Nepali, is very young player but very curious about Jesus and Christian Faith. One day he requested us to pray for him that he could score the goal, for he has not been able to score the goal. He plays from the first division team. We prayed for him and he scored the goal. Then he believed in prayer. He told his mother about prayer. His mother does often fall sick. (Some time there are sick so that God's name might be glorified). His mother invited us to come to their house so that we can pray for his mother. She wants to be healed. Please pray that this way we continue to share the gospel to people. 80 percent of Christian's conversion in Nepal is a result of prayer and healing.

Another sporting event was world cup 2010 South Africa which we brought live in big screen here in Nepal. The Place we brought live this program was in Madhumalla, one of the towns in east Nepal. During world cup football live in big screen, we used testimonies of Christian Players like Kaka, Lucio, Nicole, Oscar, Cyrille, Marcos and others. The crowds watched and listen very carefully when they heard their favorite sports star talked about God and shared their experience in their own translated language. So many people were blessed as they watch world cup game in big screen just in front of their house door. We presented them Christian gospel songs when there were no games. Every night

more than four hundred people saw the live matches in big screen and heard the gospel. I want to thank you all who made this events come possible. We are doing what we could do to tell our people about our Lord Jesus Christ.

We had Disciple Class as well as Pastors and Evangelists meeting. They came from very far village. In our talk, Pastors and Evangelists shared about their

challenges in ministry, their need and their future plans. Some time Pastors and leaders become discourage when nobody speaks to them. They came from far off villages to be in this program. They ask me to bring evangelistic programs to their Church area, such as Bible School, Jesus Film, Outreaches, and Discipleship programs. It was good to be with the Pastors in one table. I am enclosing below some of their future evangelistic plans and I hope you would pray for them.

Prayer

I would like to ask your prayer for 3rd Madhumalla Gospel Challenge Cup. We need to buy trophies, medals, certificates, and balls. This was a huge tournament for us last year where 17000 people heard the gospel. Help us print 20000 gospel tracts just for tournament program.

I would like to make a special prayer request and this request is for Bible School in Danabari, Ilam, in east Nepal. Please help in any way you can. I pray like this every day, 'Lord, I am your unworthy servant, I am just the dust of your feet, take me, and receive and use me. I can do but nothing.'

Together, let us develop more leaders because this is the only way to reach Nepal with the gospel. Just as Jesus said harvest truly is ripe but the laborers are few. Let us equip and send laborers to the harvest. Nepal is waiting to hear the gospel. Let us work together to save people. This is the only reason we are here on Earth, to go and tell others about Jesus.

We are praying for power generator to be used when showing film in the village. Showing Jesus film attracts more crowds and impacts them. So please pray that God will provide us Power generator.

I want to personally thank you for making your valuable contribution by investing your precious financial seed and unending kindness for the work of the Lord in Nepal. May Jesus the son of God who has called us to serve him and serve together, bless you from the top of your head to the soles of your feet. May He reward you over and over for your faithfulness.

I look forward to serve God together with you even in greater measure in the days to come.

Reuben
