Is Aholah, England? Is Aholibah, the United States?

Are we living the Divided Kingdom Model?

“Greater love hath no man than this, that a man lay down his life for his friends.”

JOHN 15:13 (KJ) (KEY)

“1 The word of the LORD came again unto me, saying, 2 Son of man, there were two women, the daughters of one mother: 3 And they committed whoredoms in Egypt; they committed whoredoms in their youth: there were their breasts pressed, and there they bruised the teats of their virginity. 4 And the names of them were Aholah the elder, and Aholibah her sister: and they were mine, and they bare sons and daughters. Thus were their names; Samaria is Aholah, and Jerusalem Aholibah. 5 And Aholah played the harlot when she was mine; and she doted on her lovers, on the Assyrians her neighbours, 6 Which were clothed with blue, captains and rulers, all of them desirable young men, horsemen riding upon horses. 7 Thus she committed her whoredoms with them, with all them that were the chosen men of Assyria, and with all on whom she doted: with all their idols she defiled herself.”

EZEKIEL 23:1-7 (KJ)

I thought yesterday I had gotten too busy to give you this devotional. It was that and more. Listen as I tell you what you cannot see that is happening before your very eyes. This is happening in America. I am waiting for the LORD to tell me of things going on outside of America in more than just “broad” strokes but in more details. Maybe now it will happen.

Revelation is unfolding before our eyes and most do not see it. Let me share with you what I see—real or imagined. How does President Elect Obama fit into the Revelation puzzle? How does America fit into the Revelation puzzle? Many will say that we, America is not there. Not true. America and industrialized nations are involved in the Revelation story. Is Obama bringing the change of Blagojevich in Chicago politics? Is Obama as straight as his straight talk sounds? Is smoking in the White House really an issue? Is the world really going to end? If so why are they not telling us about it?

This is why. This morning on 90.1 FM, NPR Radio Atlanta, Georgia, I listened to Scott Simon tell us in amorous terms about the “interlocking favors” nature of politics in America. He went on to intimate that this (in my terms THE PROPPING UP OF THE NOBLE (UPPER) CLASS), this interlocking nature of favors in American politics was not only **A:** acceptable, **B:** but to be considered legal **C:** and the way business is conducted **D:** and to be conducted in American politics. (Scott and others, this may be the foundational problem in America and that the rest of the world has with American finances—who do you TRUST in American: politics? Religion? Finances? Industry? The person with the largest purse strings? Any organization with pockets fat enough with money to purchase a Congressional seat, to purchase a Senatorial seat, to purchase even the Presidency? Is that at all possible? Let’s ask Oprah. What do you say, “O” Lady? Is it possible?

Scott says that there is something funny in all of this American political “interlocking favors” thing; so funny that it makes you want to “laugh in your belly.” Nothing is funny about it. Okay, I will go out on a limb here

and say that what he said was “demon speak.” In earlier devotionals, I tell you about that. Basically, when someone tells you a bold-faced lie in the face of the truth; you are listening to “demon speak.” He is telling us to laugh in our bellies, when we should be angry in our bellies. We should be planning to take the battle to the gates and into the castle; instead of staying in the villages outside the castle walls and starving and waiting for the marauding hordes to descend upon us. So “THE VALUE-MAKERS” tell us to be happy as our world falls apart before our very eyes.

Things may appear funny when they are not, when your stomach is full with food delights. Things may be funny to one whose suits are tailor-made with the help of disenfranchised small hands. Things may appear funny when none of your family members are lost. Things may appear funny when you do not have to get up in the middle of the night to chase the face of an enemy combatant. Things may not appear funny if you are standing in an unemployment line about to lose your house and car. Things may not appear funny to you if you standing in the middle of an empty room alone wondering why you are alive. What is funny? Not this.

In this morality vacuum, the unvirtuous American financial collapse along with the apparent MORAL DECAY of **ALL** American political leaders (not one missing—how can I say this? Each person is working in a BUREAUCRATIC SYSTEM, hear that loudly, this system is a system which has life... the lives of those who work in it and for it—those whose families depend on the incomes from it. Therefore, those working in the system will not allow the system to die from within, nor from without.

What does this all mean? It means that if one person gets out of step with the “SYSTEM,” the bureaucratic train, they will get run over at the intersection. In plain talk: who can protect a man and his family members from an assassin’s bullet? Not one can. Or assassins’ bullets. Not one can. Only Father God. So all American politicians are corrupt and can be corrupted, simply because they and their family members cannot be PROTECTED all the time from all the threats. Does this apply world-wide?

The real question is: Is the world really coming to an end at the end of the year [2012](#)? Is the sun to have solar activity which disrupts life on our planet? Is the earth going to intersect with the galactic plane (equinox) and have a polar shift? Is another solar system going to move through the outer edges of our solar system and collide into the [Kuiper Belt](#) of rock

and ice sending meteorites, asteroids, comets, pellet-sized, and mountain-sized rock bouncing through space with some reaching earth? Why is this documented scientific fact which can be authenticated from industrialized nations' scientists not plastered all over the television, Internet, radio, and on people's lips? This is why. And for the nay-sayers, listen to this.

If the world's governments started announcing potential upcoming planetary evolutionary events, then the world would go into the panic mode. Everyone would want to know what to do. The problem you see, there are too many people on the planet to evacuate into underground bunkers or caves. So there would be hundreds of millions who would have no alternative but to wait for their demise. But you see, many would become lawless as they waited.

Conversely, if there were upcoming planetary events which were known about since before 1984 but confirmed about that date, then world industrial leaders would be making plans, made plans, involved in plans to save the earth's plants, seeds, animals, and other things with the expectation that they would survive and replenish the earth after its "cleansing." So, if leaders of the world do not tell you about it, keeping it on the "down and low," keeping it as societal possible to keep it quiet and out of the press, then when it comes time to escape to the underground bunkers, then all the world's elite leaders, scientists, priests, stars, athletes, the "corporates" (who have not), the rich and famous will be swooshed away into the bunkers just in the nick of time to avoid the screaming masses and the approaching disaster and the already all-consuming battle with nature. Could this be so? (TO BE CONTINUED)
