Internet Angel - 3 Jokes. Unplug me. Last night, my children and I were sitting in the living room and I said to them, "I never want to live in a vegetative state, dependent on some machine and fluids from a bottle. If that ever happens, just pull the plug." They got up, unplugged the computer, and threw out my wine.

Three guys were sitting at a beer parlour. The first guy said, "When my wife was pregnant she was reading a book; a tale of two cities and she gave birth to twins." The second said his wife was reading the three musketeers and she gave birth to triplets. The third guy dropped his beer bottle and started running home. When they got to his house, they saw him burning a book and they asked why. He said his wife was reading Ali Baba and the forty thieves and she is pregnant..... "Not in this houseit can not happen!"

Three pastors were in a discussion, one said his problem is stealing, he cannot stop stealing from the church's money and if his church members find out, it would be disastrous. The second pastor said his own problem is adultery, he had slept with almost every woman in the church both married and unmarried. His church members must not find out. The third pastor said his problem is that he cannot do without gossiping, and everybody must know what he just found out. He then excused himself and immediately the other two pastors fainted.

DO NOT BE TOO STRESSED OUT TO LAUGH
