*Update your diary! Now do and learn what the Holy Ghost tells you.*

**“But the Comforter (Counselor, Helper, Intercessor, Advocate, Strengthener, Standby), the Holy Spirit, Whom the Father will send in My name [in My place, to represent Me and act on My behalf], He will teach you all things. And He will cause you to recall (will remind you of, bring to your remembrance) everything I have told you.” JOHN 14:26 (AMP)**

**Christianity is at a crossroads today.** On the one hand, it is fashionable to attend a church; to attend a certain kind of church in a certain kind of way. It is fashionable to celebrate your marriage with the church pastor, building, and a few of the deacons and church members. And at least for the majority of people who want to be popular, seen, or known in the church, they make every effort to bury their skins in every religious activity and to do what the pastor or the church commands until their time of death.

On the other hand, it is those who live everyday life, living with the Holy Ghost who miss this type of Imperial Christianity. To be always “with the listening for the voice” of the Spirit of the Lord and to make the things of which the Holy Ghost has approved, here is the fact of what is truly meant by “being a disciple of the Christ.” This is not to say that we are like Angels concentrating the length of our day awaiting an unspecified voice which commands us a specific order. Admittedly, not! When we live our whole lives with Jesus in a perfect loving relationship, we receive in this humility His Holy Ghost who becomes the permanent Light which shines in our hearts and commands us into the Perfect and Divine Will of Christ Jesus.

So at the house, at the job, at the time of our voyages, in our family relations, and our ways of thinking, the Spirit of the Lord leaves His print, His claw, and His impression. It points out to us what we are and who we must be according to the precepts of our Lord Master, Jesus Christ. The Holy Ghost speaks to us and teaches us the way to be followed. We thus open the diary of our hearts to the page where it is necessary for us to write that which is said, the notes that are necessary for us to live the life which the Holy Spirit would direct us to live in Christ Jesus. Thus update diary! Listen to the Holy Ghost and learn to grow spiritually.
