*My desire is for you to become engaged in efforts to stop this madness.
What madness you say? The divorce madness. A biblical plague.*

“And he answered and said unto them, **Have ye not read, that he which made them at the beginning made them male and female, and said, For this cause shall a man leave father and mother, and shall cleave to his wife: and they twain shall be one flesh? Wherefore they are no more twain, but one flesh. What therefore God hath joined together, let not man put asunder.** They say unto him, Why did Moses then command to give a writing of divorcement, and to put her away? He saith unto them, **Moses because of the hardness of your hearts suffered you to put away your wives: but from the beginning it was not so.**”

MATTHEW 19:4-8 (KJ)

Divorce - 3. Please read Divorce-1, December 24, 2009 before proceeding. Thanks. Divorce is creating a more and more adulterous nation. I have to say something and not be silent on this issue. Jesus is checking me out on this issue; and you too. (CONTINUED)

Check your Bible to see what happens historically and biblically to adulterous nations; Kings and Chronicles—1) Idolatry, 2) **Siege**, 3) Captivity. America is doing 1 (idolatry) & 2 (financial bondage-- \$184,000 debt per American—in addition to your old debt.) and about to go into 3 (captivity-this comes from an outside force). And our nation is sponsoring “state-supported” adultery through the systems which are in place and well-established –and I might add, ideologically “supposed to help families” but in reality destroys families and increases adultery in the nation; not only adultery, but broken families (a goal of satan).

Where does this madness come from? Movies generated from Hollywood which shows us and tells us that divorce is okay when it is more of a disaster than a help upon the family and society. Look and listen to the professionals who say

how bad it is for society. Divorce like many other facets of American life is driven by CAPITALISM (opposite of capitalism is integrity). The “FAT CAT ROBBER BARONS” will line your pockets with nothing and say it is something; and even the elect are fooled. (more correctly—even the elect are paid off.) Capitalism tells the Real Estate industry to see two homes being occupies instead of one. The business industry sees two households with the needs and desires of two households instead of one. It looks like gold, but its not. You may now see how more money is being spent by families, when families are broken up. Families like small businesses are the heart and soul of any great nation or community.

I am currently negotiating the judicial system (Superior Court) of this great state. I am from the “great” state of North Carolina and I pray the state-supported travesty I am experiencing here is not happening in my home state and neither in the other states of this “great” nation.

There are at present at least two plagues traveling through the American states and throughout this nation. They both seem to be state-supported. I am not talking about the irradiation of our food supply which supports poor health and the manufacturers of “food supplements.” (See: [Nexus magazine](#))

Nor am I talking about the state-supported incarceration of African-American males by the “wholesale” for minor crimes or behaviors which carry heavy, long-year sentences when white collar criminals like the FAT CAT ROBBER BARONS in the financial institutions, pharmaceutical industry, defense industry, and insurance systems across this great nation go “Scott free,” without penalties, responsibilities, short-year sentences, or leave the judicial system or not go to the judicial system with pockets filled with the money earned by hard-working American taxpayers (hear: YOUR MONEY IS GOING TO PAY FOR BIG YEAR END BONUSES). (See: [Nexus magazine](#))

I am not talking about the millions of hard-working “good” Christian Americans and non-Christians who have been put out of their homes because of white collar greed which continues to go UNPUNISHED and UNCHECKED. Why is there NO REAL CHANGE? Why is our government looking the other way? I thought we all were Americans, not just the ones making over \$100,000 like my wife, Elizabeth.

I am not talking about fluoride in the water that harms children’s brain cells or the thousands of chemicals including hormones in the food supply. I am not talking about athletes being held in contempt by American sports fans, while hormones and steroids in chicken, pork, and beef goes unchecked and promoted.

Hmmmm. Are you thinking yet? I am not talking about banks changing their monetary rules so they can hold onto their money or your money or government

money longer for their benefit instead of thinking about the greater long-term benefits to this great nation and her people.

I am not talking about hundreds of thousands or millions of Americans without health insurance, dental insurance or life insurance while our SENATE and CONGRESS allow pornography which makes more money than the NBA, NFL, Golf, MLB, or Motor Sports go untaxed on the Internet and un-penalized for selling filth and lewd behavior to all the world when you did have the wisdom to finally penalize or tax the Tobacco and Liquor Industries for their lewd selling behavior (hear: stopped running cigarette and liquor television commercials—which they are trying to sneak back on again). (See: [Nexus magazine](#))

The Pornography Industry makes about \$50 billion a year which can pay for all Americans to have health insurance, dental insurance, and life insurance—think about it. This is allowed by you, the American taxpayer and you, the American taxpayers' representatives and leaders of this great nation. But these are not the plagues of which I speak. (TO BE CONTINUED)
