When we pray our will be done, instead of Jesus' Teachings being lived out in our lives, that is being carnal-minded. When we seek our materialism instead of Father God's Will, that is carnality and idolatry.

"16 For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: 17 Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord. 18 Wherefore comfort one another with these words."

1 THESSALONIANS 4:16-18 (KJ)

Anthony Speaks. Part One. Anthony speaks. Happy New Year! This is the first in a series of open-ended devotionals. This devotional is primarily about why birds are dying by the hundreds and thousands for unknown reasons. But first, let's do some housekeeping. >>>

I have been sick for the last three weeks. I had a head cold, chest cold, and the whooping cough. I was closer to death's door that I could believe.

During this holiday season, I did not want to bring you anxiety producing devotionals. None of these devotionals should give you anxiety, if you have the peace of the Lord within.

If you want to receive e-mails from me. Then you need to go to Constant Contact module & sign in. This will guarantee you to get e-mails from me about events, specials, and upcoming spiritual occurrences. If you have signed and have not received e-mails from me, then expect some in the very near future.

2011 is a year for spiritual evolution and spiritual revolution; signs, wonders and miracles. Get ready! Get ready! Get ready! >>>

Let us continue. My son told me he that he thought that if natural disasters and catastrophes were to happen, they would be happening between 2013 and 2014 or somewhere like that. This is the deal. For galactic and geologic events, their event horizons happen long before the actual events happen. This means, if an event is to happen December 20 1, 2012; then the events leading up to that major event will begin happening years before that event. And that is what's happening now -- -- and has been happening since around 2006.

Because of time constraints, let us now only focus on hundreds and thousands of animals dying, disappearing, or diseased for no explainable reason— blackbirds, pelicans, fish, whale, dolphin, bees, bats, etc. Frank ski, a local Atlanta disc jockey mentioned that electromagnetic forces were to blame. I only heard this through third-party conversations. Frank hit on something there.

Let me just mention that the birds did not have disease, no viruses, nothing apparently wrong except for they had an extremely violent interactions with one another or with anything nearby. Let me tell you before I forget? That same electromagnetic energy which caused the birds to go crazy has the potential to cause your pets to become crazy also. Dogs, cats, birds, and any number of exotic animals have the potential to respond just as the now dead birds and other animals.

This is from research and study. Here are the possible causes of the animals' erratic behavior:

- 1) Like plumes of hot solar gas shooting from the sun, the earth's inner core has high-frequency, high-energy, high-velocity, highly energetic electromagnetic forces responding to gravitational forces.
- 2) The sun going into its solar maximum;
- b) our solar system, approaching and passing through the Milky Way's galactic plane; and
- 3) a red dwarf sun moving into our solar system, or close enough for us to see it with the naked eye (biblically this red dwarf sun is known as "wormwood" or "the destroyer").
- 4) Governmental poisoning, secret, experimental government tests, HARP, and we are only limited by our imaginations as to what the government is doing which might cause or lead to the unnatural occurrences.
- 5) Reaction to a cloaked extra terrestrial vehicle's exhaust, movement, or residual energies.
- 6) Animals reacting to: (not allowed to give this one to you at this time—spiritual blockage).

Now the real question is: What other animals are dying in fits of violet tantrums without us knowing about it? Is the disappearance of so many honeybees a part of this phenomena? Are there other animals or insects that are also dying in large numbers that we don't know about? Are their animals in earth, in the water, or that use air having problems with our technologies? Or is it something not of this earth? Many, many questions go unanswered. Why?

Out of all the things that could cause these phenomena, gravity is probably the number one reason. Gravitational forces reacting to the earth's inner core creating extremely high frequency electromagnetic energy. This will soon be followed by geothermal evidence.

With increased gravity, time increases or speeds up, this courtesy of Albert Einstein and the Theory of Relativity. Has time sped up for you? Time has been sped up for the elect (the spiritually elect). **“For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened.”** **Matthew 24:21-22** (KJ) Prepare for the Lord's coming!
