Each One! Bless One!

* * * * *

Remember, when you have a pinch of pain in your body, say,
"The LORD rebuke thee," believing and knowing Christ Jesus is rebuking the
pain (evil) from your body, from your life. Believe and do it. Just do it.

"And when the unclean spirit had torn him, and cried with a loud voice, he came out of him. And they were all amazed, insomuch that they questioned among themselves, saying, What thing is this? what new doctrine is this? for with authority commandeth he even the unclean spirits, and they do obey him."

MARK 1:26-27 (KJ)

Demon fighting tools, Part Four. Frozen attack from the enemies of God and man. Please see Part One, 27 May 2010 in the [IDD Archives](#).
Father God remove any and all evil from your presence right now by the Power of the Blood of The Messiah until He returns and keep any replacements of that evil and any new evil out of you and your possessions. Activate now, Lord Your Spirit in the reader and the listener. Thank You Father God for this. I praise You! I love You! I worship You! I adore You! Hallelujah Amen! Jah Amen! Know my life is one of walking in Spirit and in Truth.

"Yet Michael the archangel, when contending with the devil he disputed about the body of Moses, durst not bring against him a railing accusation, but said, The Lord rebuke thee." Jude 1:9 (KJ)

When I was Divinely delivered from crack cocaine, I became a new creature in Christ. We have to remember what the Scriptures say. When a demon leaves a person it goes into dry places, and gets seven more spirits more powerful than itself and comes back to that house. **(Matthew 12:45; Luke 11:26)** I understood this, but I was not prepared. Therefore, when the unclean spirits came back, the doctors call it an "anxiety attack," but I know differently. I know that when it feels like a demon is standing on your chest or has his hands over your mouth and

you cannot move your lips or your tongue or, you have difficulty breathing (labored breathing)—that is an unclean spirit attacking you, not an “anxiety attack.”

Sometimes the attack is from a succubus or an incubus (sexual demons), otherwise it could be any number of unclean spirits or demons attacking you, attempting to get inside of you. Once inside of you, you would not know that this attack ever happened. But the Scriptures, the Words of Christ Jesus and our Heavenly Father inside of us keeps them from getting in; additionally, faith, grace, mercy and other attributes of our Savior stops them. But surely, our disobediences allows them entrance into our bodies and there will surely be a physical manifestation of their presence. This is a model which is found throughout the Holy Bible.

I know, that is not an anxiety attack is an attack from an unclean spirit demon or some unholy creature creating fear, pain, or suffering; and some of you know that you have to repeat the name Jesus over and over and over in your mind and try to say it with your lips until your lips can finally move and break that bond and say the word Jesus three or four times until that negative energy is gone. Sometimes it you can hear buzzing. Sometimes you can feel it—feel the fear of its presence. Say, “The LORD rebuke thee.” **Zechariah 3:2—“And the LORD said unto Satan, The LORD rebuke thee, O Satan; even the LORD that hath chosen Jerusalem rebuke thee: is not this a brand plucked out of the fire?”**

Saying “**The LORD rebuke thee,**” is better than saying, “Get thee behind me satan,” or “Get under my feet.” You see most of the times, satan is nowhere near you and your saying those last two phrases has brought you to his attention or brought him there. Most people are not doing things which are worthy of his attention, so do not call him into your presence when he is nowhere around. When Jesus said, “**Get thee behind me satan,**” one must remember, that was Christ, the Anointing of Father God in the flesh of Jesus talking. **(Matthew 16:23; Mark 8:33; Luke 4:8)**

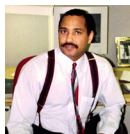

Sometimes you can feel the unclean spirit stopping you from moving. Some people tell me, and I have had this experience, awake and are frozen of motion; they cannot move. It is as though they are in a dream, but it is reality and they cannot move a single muscle, except their eyes. Sometimes your mouth can

move, but not the rest of your body. Different people have different experiences. I have experienced some of these experiences and other people have shared with me some of their experiences. As strange as it may seem, I'm not making this up.

I believe if you do not have some type of indication of a negative spirit's presence like buzzing or you being "frozen" then what happens is it enters into your body and you do not know it is there. You will not know it is there until your behavior changes; your actions, your reactions, a new "tick" or a new "thing" that is now a part of your being in your daily life that was not there before. In other words, you are now sensitive to fluorescent lights when you were not before. Or you cannot watch religious programming or cannot go to church, or do not have a desire to go to prayer meetings or to the recovery meetings. What is going to happen when that unclean spirit comes into your body is your brain chemistry is going to change because of its presence. When your brain chemistry changes there will be a physical manifestation of this occurrence.

People come to me with a lot of issues like this. And since I have experienced a number of these negative confrontations with unclean spirits and demons. I have some tools to help them with these issues of the presence of unclean spirits.
