*Are the Russians planning to kill Americans in Afghanistan
like Americans aided the killing of Russians in Afghanistan?*

“The burden which Habakkuk the prophet did see. O LORD, how long shall I cry, and thou wilt not hear! even cry out unto thee of violence, and thou wilt not save! Why dost thou shew me iniquity, and cause me to behold grievance? for spoiling and violence are before me: and there are that raise up strife and contention. Therefore the law is slacked, and judgment doth never go forth: for the wicked doth compass about the righteous; therefore wrong judgment proceedeth. Behold ye among the heathen, and regard, and wonder marvelously: for I will work a work in your days which ye will not believe, though it be told you.”

HABAKKUK 1:1-5 (KJ)

End of the World? – 7. Please read [End of the World? -1](#), before continuing, Friday, 15 August 2008 Devotional. Thanks. Amen. The Blood of Jesus wash you clean of your sins. The Blood of Jesus fill you up and keep you sin-free in Christ, right now and forevermore in the name of Jesus: Emmanuel, our Righteousness. Amen. Please touch your ears and head at the same time with the palms of your hands and ask the LORD to allow you to receive that which you are about to hear.

The first devotional is going to tell you about three specific planetary events which will not begin in December 2012, but that will be the mid-point of these events. What this means is the event horizons for these

events are beginning or about to begin, i.e., global warming, strange weather. When they begin, the physical events, they will coincide with or intersect with the present and upcoming political, social, military, religious, spiritual, and human events which shape our daily lives now, as we know them—they (our daily routines) are about to change forever for many. Please listen carefully. President Obama listen carefully.

President Bush, "Wardaddy," is trying to do a number of things before he leaves office. Here are two:

- 1) Stay in office by committing some military action which by the Constitution will keep him in office. Or get someone else to do so.
- 2) Pay off all his campaign promises to his allies, cronies, and financial cohorts; filling up their coffers (hear: bank accounts) before he leaves office. Can you say "bailout?" Let me digress here for a minute. If a homeowner defaults on a loan, or a car owner, or a landowner, or a farmer, the B-A-N-K-S or finance company sends the collector to get the money, house, resource, etc.

But before they come, the "owner" (antichrist lie: the "owner" is the bank or lending institution, but there goes that "suspension of disbelief" thing again. People are "sold" they are homeowners and they believe it.), but before the bank comes to collect, the "owner" sells most of what he or she owns to pay off the debt or as much of it as possible. HEAR THIS! None of the institutions the Middle Class is bailing out is selling what they own. I am not talking about assets only, I am talking about personal household goods / treasures, personal luxuries, personal box seats, personal "you name it." They are not selling anything: N-O-T-H-I-N-G at all like that, and hardly any assets to mention; not even giving up salaries, or substantial salary cuts.

What is happening is this. The Middle Class is propping up or keeping the status quo: interpreted—we are continuing the lifestyle of the rich (hear: NOBLES) by paying them money to continue to operate as rich people do, in the style they are accustomed, the rich foods they eat, the rich places they live—all the while thinking they deserve it—saying, "The poor you will have with you always. We deserve it; we are smarter than *those people*."

Question: Big Three Automakers—what have they sold to try to keep the company from going bankrupt? Nothing. They have \$25 billion coming,

approved from Congress. \$25 BILLION; now they are going with another hat in hand, hoping that you will be too busy, too tired, too entertained, too involved to stop and call your congress person, your senator, to write your legislator, or to email your representative to let them know where you stand... to say, STOP. Get involved politically before it is too late.

In steps Obama... a man about change; great ideas, greater talker. Listen. I am a Southerner from North Carolina. I thought the Civil War was over until I came to Georgia. Then I found out that they have not forgotten Sherman. "Oh, poppy cock," you may say. Listen. Which region of the country has the most military installations? The South. Check it. Where is the Blackwater operations? Fayetteville, North Carolina—the South. Where is Mr. Bush from? Texas. The South. Listening now. Can you ask where is the Defense Contractors located? Can you ask, "Is the North prepared for a Southern military attack if necessary? This is why. The DIVIDED KINGDOM model; see 8 February 2008 IDD. Solomon who everyone in America and their brother is trying to be as rich as, and screw anyone and everyone along the way, right my brother? (Not talking about Obama here.)

(Here I am.) Mr. Obama if you merchandise "Obama," give that money that you will get from the lower middle class folk back to them in the form of a social program. You know that the folks in the ghettos and who can ill afford security, food, clothes, and shelter will purchase the bulk of your merchandise; so give it back, please. Don't be like Oprah, have tons, give a few pounds, then feel like she did something, she lost something. She did do something with you and Tyler, huh?

Back on topic. Okay, everyone listen closely. The upcoming planetary events will be kicked off with planetary reaction (people's reaction around the planet), next fall from Australia when the sister sun to our own is visible; looking like a red one instead of yellow. Two suns in the sky will cause panic. But before that, what is happening now—the Russians are sending weapons through Iran, through Iraq, through Afghanistan militias to kill Americans because America spent \$1 billion dollars to kill Russian soldiers; then went on to make a movie to brag openly about it. Charlie Wilson's War. Russia: vengeance is the Lord's. (Don't think they heard it.)

What is also mounting is a white male backlash from corporate entities who are unsure as to what an Obama Presidency will bring, (hear: bring to

their coffers). Be careful. The Divided Kingdom model is one where a country is taking away with idolatry, giving them a divided heart—the evidence is a divided mind—what holds most of your focus during the course of any day—the LORD's Purposes, His Will, His Service? Obama has set the stage for the Kingdom (America) which is already divided along racial lines to become embattled militarily in it again. The liberal whites and blacks will look like Kent State against Blackwater regulars and / or US National Guard and / or US Army regulars. Incitement occurs between / among the troops. Conflagration. Who started what when? And how? Conflict... the stage is set. As this is happening, whatever it is...

Nuclear. US soldiers will not leave Iraq before small nuclear weapons are deployed. US soldiers in Afghanistan will receive small nuclear weapons attack. US soldiers in Korea will receive small nuclear weapons attack. US bases in Europe receive small nuclear weapons attack. Look to the Russians to supply the last components needed to send forward a multi-level, multiple location incendiary attack. Most of the US Army abroad will be destroyed or lost in the confusion that follows. This all happens as everyone's attention is on potential, catastrophic planetary events promising at the doorstep. This happens before next December 2009 or before January 2010. Saudis and Bush components involved on secret levels as potentially same players during 911 event integrate new players of fortune. Players like these surreptitiously manipulate world financial systems with the end being their benefit.

Tectonic Plate Movements. There will be earthquakes, tsunamis, volcanic eruptions and other small planetary events pursuant to and before and after nuclear proliferation. Areas of the sky will darken for weeks, before clearing, other darkening events will occur. The world will be in disarray. Then the food supply will be affected. (TO BE CONTINUED)
